VICE - PRESIDENT DECIDES

President Would Be Authorized to Surrender All Rights to the Islands Not Later Than Four Years.

Washington, Feb. 4.-Vice-President Marshall on Wednesday cast a deciding vote in the senate on the Philippine bill, helping to pass the Clarke amendment to withdraw the sovereign ty of the United States from the islands not sconer than two years and not later than four. Fifteen Democrats voted against it.

By the terms of the Clarke amend ment the president would be authorized to surrender all rights to the Phil ippines and recognized an independent government instituted by the people in not less than two or more than four years after approval of the pending measure.

Provision is made, however, that the president may extend time for withdrawing from the islands if conditions of internal or external affairs with regard to stability of the proposed gov ernment should warrant such action. OBJECT TO SMOOTH ROADS

Enamel-Like Surface Is Said To Endanger Work of Horse.

Cincinnati, O .- A movement was started at the closing session of the Hamilton County Farmers' Institute to have the county commissioners make a radical change in material used in the construction of country roads Several farmers who took part in the discussion objected vigorously to the further use of tar dressing, contending that in time it causes the surface of a road to become as smooth as enamel. They pointed out that this enamel-like surface affords no safe footing for a horse, and declared that many accidents on country roads in which animals have been injured and their drivers placed in peril are traceable directly to this pavement.
